10AM - 2PM	Available throughout the expo: visit with exhibitors, color at the coloring book station, build wind-powered sailcars, explore an electric bus, and more!

What's a Prize Walk? Just like a cake walk, but without the cakes! Walk around a circle while music is playing. If you're standing on the right spot when the music ends, you win a prize! Each prize walk event will last about five minutes.

What's the Light Demonstration? You'll get to use energy auditing equipment to compare lightbulbs and determine which is the most efficient! It's an interactive, educational activity that lasts about 15-20 minutes.
