

# BRAIN BUSTERS

## Word Change

Circle a letter in each word that can be changed to another letter to make a new word. Use the same replacement letter for all five words, but in a different place in each of the five words. The circled letters will spell a word. The replacement letter in Puzzle 1 is different from the one in Puzzle 2. The two words will describe forms of matter required by conventional electric-generating plants to generate electricity.

### Puzzle 1

WEAVE

TAINS

OTTER

LEASE

LITRE

### Puzzle 2

CHASM

CATER

PAYEE
